Activate Houston Street

COMMUNITY CHARRETTE COMMENT CARD

Saturday, January 20, 2018

In each table group, the facilitator will ask questions in order to gather your feedback on activating Houston Street. This comment card is an opportunity for you to write down any additional thoughts. You may keep the worksheet and comment card for yourself **or** turn it in, in which case it will be considered part of the documentation of this meeting. Your table's scribe will also be writing down everyone's comments, and the maps will be part of the record for this meeting.

The facilitator at your table will help to keep the group on topic and on time. You will be asked to adhere to the following guidelines:

- Introduce yourself at your first table.
- Focus on one segment at each table.
- Listen to understand.
- Provide input and give others the chance to do so as well.
- Agree to disagree. We need everyone's feedback!
